

## KOSMOS modular system

### How to create own modules constellation in KOSMOS?

You can easily do it by writing us a message or using the [form](#) on our website.

**The form** will guide you through the dimensions and modules configuration.

1. Choose the **width, depth and total height** of the furniture.
2. **Choose your modules.** You can choose from nine basic modules but if you can't find nothing interesting for you, we can adjust any module according to your needs.  
If you want to choose modules with various depths, for example drawer module 45 cm deep and shelves 35 cm deep, write to us - at the end of the form, you will find a space for extra information.
3. Choose the **wax oil finish** for your plywood.
4. Choose the **color of the metal frame** from the RAL or NCS palette. You can choose one from our offer or propose your own.
5. You can also add the **color of your drawers and cabinets fronts** from the RAL or NCS palette. If you don't know the symbol of the color - contact us!
6. At the end, you will see the **summary** of your order and the price for chosen KOSMOS constellation.
7. Click „**Buy**” - your bookcase will automatically be added to cart.
8. Click „**Next one**” - a new form will open, the first piece of furniture will remain in the basket, and all your previous choices will be saved in the form so that you can easily choose the second set.
9. KOSMOS, as a modular furniture will arrive in parts - separately, a metal frame and chosen modules. We can assemble it on site for an additional fee, but there are no obstacles to do it yourself. It's very easy! To every order we attach a set of screws, distance pins and hex (Allen) key. KOSMOS must be fixed to the wall, so we will contact about the further details.
10. The location of the modules on the rack can be **freely and independently changed**, if you get bored of the original configuration.
